220609Z Jacks Over Nines LLC. Development Conditions:

1. The PUD shall consist of the following uses consistent with the PUD Application and PUD Concept Plan (Received 4/4/2022; attached):
 - a. The ±21.71-acre commercial area allowing B-1 and B-2 uses as provided in Land Development Code (LDC) Division 4.2, assembly and fabrication of goods (manufacturing), plant nursery and contractor's yard retail/wholesale, processing of products produced on-site, and cardroom, and warehousing/distribution, with a maximum gross development amount of up to 400,000 gross square feet.
2. For the cardroom to be developed on this site, the cardroom will have to cease operations on the adjacent property to the west (PID: 48476-002-00).
3. Subject property shall be connected to Marion County Utilities centralized water and sewer.
4. Building heights shall be limited to 65'.
5. All Commercial development shall conform to the PUD's architectural standards information; additionally, structures with exterior walls exceeding 100' in length, shall have architecturally differentiated finishes to avoid a uniform homogenous appearance, and all structures shall, at a minimum, be painted (so as to present and maintain a finished appearance rather than a standard unfinished concrete appearance).
6. A master sign plan shall be provided for the overall PUD to address the commercial and industrial use identification signage consistent with LDC requirements for such plans. This shall be provided with the Master Plan or equivalent.
7. A sidewalk consistent with LDC standards shall be provided along one side of the main internal roadway to accommodate multi-modal interconnection between this PUD and the PUD to the west. Sidewalks for the project shall comply with the LDC.
8. Prior to obtaining final PUD Master Plan approval, completion and review of the project's formal traffic study will be required with the resolution of any level of service and/or design deficiencies identified being addressed consistent with the applicable LDC provisions.
9. An enhanced buffer consistent with LDC Section 5.8.5.B (CR Hwy 475A Gateway - Landscaping and Buffering) shall be provided along the site's Hwy 301 frontage.
10. A modified B-Type Buffer shall be provided along SE 180th Street easement, a modified D-Type Buffer shall be provided along the western boundary as provided on the conceptual plan.
11. All project-wide walls, fences, and buffers, including all vegetative plantings, shall be installed and maintained in perpetuity consistent with professionally accepted landscape practices, unless & until modified through the appropriate Land Development Code PUD Amendment Process.
12. All access points and roads shall meet the requirements of the LDC and be approved by DRC.
13. The final PUD Master Plan shall require approval by the Marion County Board of County Commissioners, including being duly noticed and advertised consistent with the Land Development Codes notice provisions at the applicant's expense.
